The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the **Maui County Wastewater Reclamation Facility Construction** project in Fiscal Year 2027. The entity to receive funding for this project is the **County of Maui** located at **200 S. High Street, Wailuku, HI 96793**.

The funding would be used to construct critical wastewater infrastructure in Central Maui to expand treatment capacity and support future growth. The project would serve approximately 2,700 existing homes and enable the development of about 2,000 additional residences, while also supporting businesses, schools, and public facilities in the region. This project would be a valuable use of taxpayer funds because it would relieve capacity constraints in the current system, improve water quality and public health, support the transition away from cesspools, and produce recycled water for irrigation and other non-potable uses.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

  
Jill Tokuda  
Member of Congress
