The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the **HFD Trailer Generators** project in Fiscal Year 2027. The entity to receive funding for this project is the **Honolulu Fire Department** located at **636 South Street, Honolulu, HI 96813**.

The funding would be used to purchase six mobile trailer generators to provide backup power for fire stations, ROIP radio stations, and the Department Operations Center during disasters, large-scale emergencies, or power outages. This project would be a valuable use of taxpayer funds because the requested six generators would provide backup power for fire stations in the event the permanent generators are damaged or out-of-service for repair, ensuring the flexibility and capability to provide reliable power where needed in emergency situations.

The project has a federal nexus because the funding provided is for purposes authorized by section 203 of the Stafford Act (42 U.S.C. 5133), as amended by Section 1234, National Public Infrastructure Pre-Disaster Hazard Mitigation, of the Disaster Recovery Reform Act (DRRA) of 2018.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Jill Tokuda
Member of Congress
